STUDENT PRODUCTIONS

Students are not considered peer professionals and as such, their regional student productions are not eligible for Emmy® Award recognition. If material is produced as part of a class, for which school credit is received, they are considered a student. If they are paid or working on a project with other "professionals," and want to enter the Chapter's Emmy® Award competition, they cannot enter as a student, but instead must pay the appropriate entry fees. The student is then prohibited from entering subsequent student production categories with other classmates.
